PROFILE SUMMARY

Aspiring UI/UX Designer (Fresher) with hands-on experience in user research, wireframing, prototyping, and visual interface design. Familiar with Figma, design systems, and responsive web and mobile design principles. Passionate about creating intuitive, user-centered digital experiences that improve usability, engagement, and overall product experience.

SKILLS

- **Design Skills:** User Research, Interaction Design, Usability Testing, Web Design, App Design, Design System, and Wireframing & Prototyping.
- **Tools:** Figma, Canva, Framer, Midjourney, Adobe Express, Adobe XD, Photoshop, Affinity.
- **AI & Productivity Tools:** ChatGPT, Claude, Antigravity, Stitch, Visily AI, Magicpath AI, Miro, Vibe Studio and etc...

INTERNSHIP

STRYDO Technologies Pvt. Ltd, Vellore
UI/UX Designer Intern

Jul 2025 - Aug 2025

- Designed detailed wireframes, mockups, and high-fidelity interactive prototypes using Figma, ensuring clear visual hierarchy, intuitive navigation, and user-centered design principles throughout the project lifecycle.
- Collaborated closely with developers and cross-functional teams to refine user flows, improve usability, and ensure seamless implementation of design systems across web and mobile platforms.
- Contributed to responsive and adaptive design solutions for both web and mobile interfaces, maintaining consistency, accessibility standards, and optimal performance across multiple screen sizes and devices.

PROJECTS

1. EV Charging Station Slot Booking App UI Design ([open](#))
Self Project

Oct 2025 - Nov 2025

Tools: Figma, Adobe Express, Chatgpt, Claude, Freepik.

- Designed a complete mobile app for booking EV charging slots with a smooth user experience.
- Added features like real-time availability, easy slot selection, and quick booking.
- Created a clean and minimal UI with simple navigation.
- Improved usability by reducing steps and making the user journey clear and consistent.

2. SmartHome Automation UI Design ([open](#))
Self Project

Jan 2026 - Feb 2026

Tools: Figma, Chatgpt, Claude, Icon8, Freepik.

- Designed a modern and intuitive Smart Home Automation Dashboard UI with a strong focus on usability and seamless device control. Created a clear visual hierarchy using clean layouts, smart spacing, and easy-to-understand interface elements.
- Built a consistent design system with reusable components to ensure scalability across multiple devices and features. Ensured the interface is responsive and provides a smooth, visually consistent experience across mobile, tablet, and desktop screens.

EDUCATION

Ganadipathy Tulsi's Jain Engineering College, Vellore
B.E Computer Science and Engineering
